## UNITING *Together*

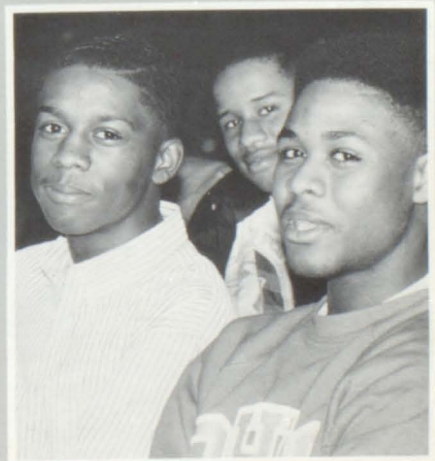

When uniting for love and peace  
We need someone to understand and  
care,  
Someone to depend on and count on to  
be there  
We need someone to share with and to  
touch  
To give and receive the love we need  
so much.  
When uniting for love and peace, we  
need  
someone to make our dreams come true  
And to make our life bright and blue

# UNITING *Together*

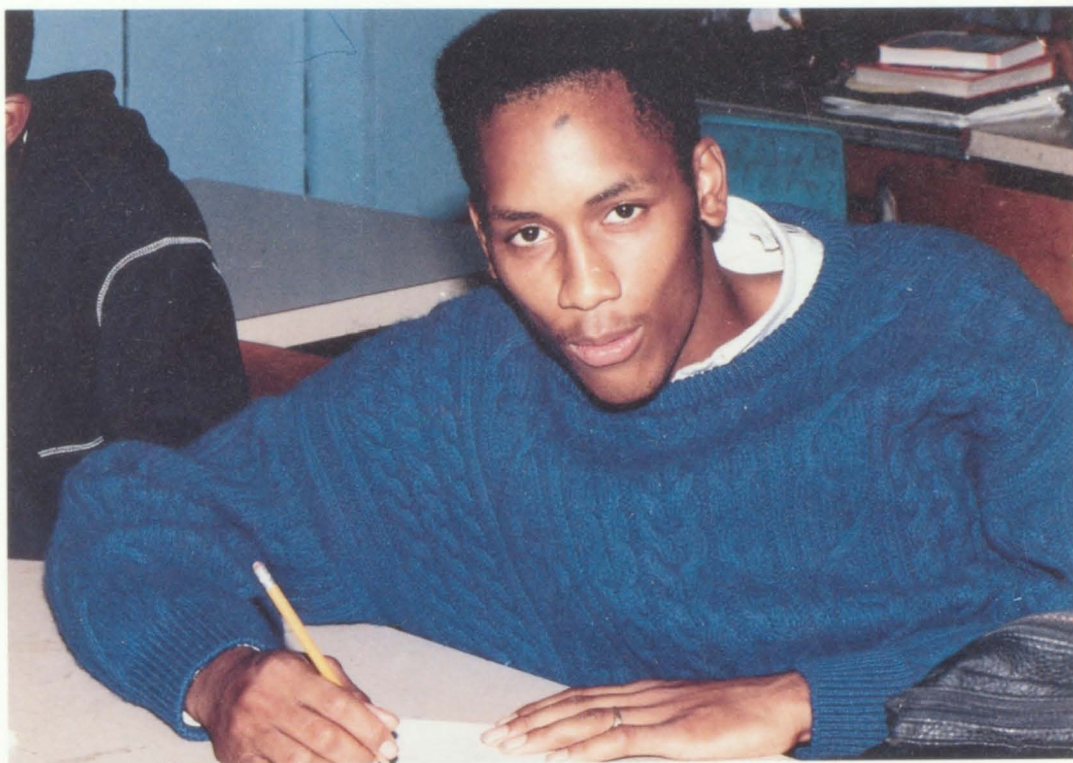

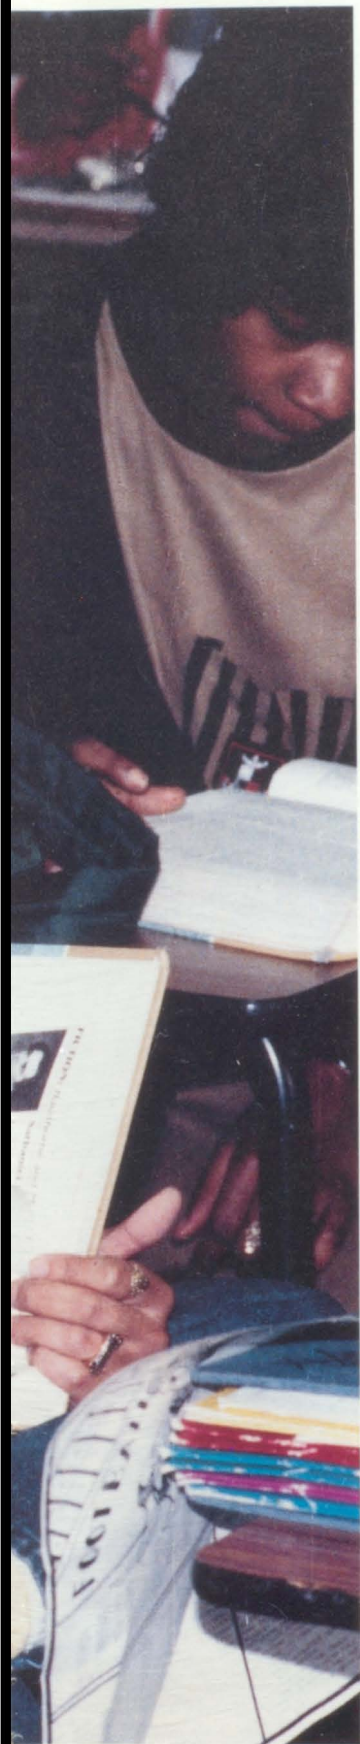

Uniting For

# A Brighter Tomorrow

If we unite for love and  
peace,  
our life will never be full of  
grief.  
We need someone to share  
with  
and love,  
in order to meet the  
standards of  
the great up above.  
We need someone to put  
warmth  
in our hearts without this  
our life will never start.  
If we unite for love and  
peace  
The glory in everyone's heart  
will forever be released.

- - - Yulanda Green

# UNITING *Together*

## Uniting

Without peace, there is no love  
Without love, peace would be impossible  
to achieve  
If you have peace, you can achieve love;  
and, if you have love, peace is not far away  
When you unit them together; you will not have  
enemies, but friends; you will have trust, not  
dishonesty; understanding, not disagreement  
If the world had love and peace, the world would be  
a better place to live—  
It is the same for the students of Vailsburg and  
West Side:

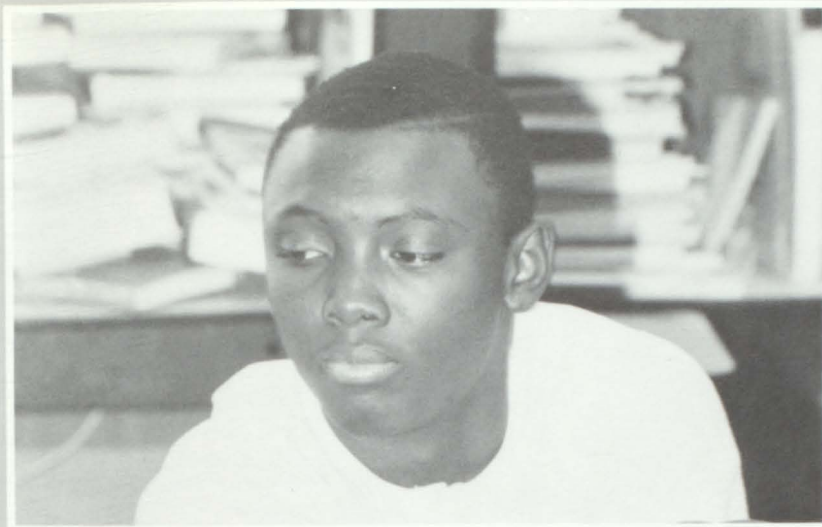

TOGETHER WE STAND, DIVIDED WE FALL!

# UNITING *Together* *Faculty*

There are approximately 135 faculty members at West Side High School. Many of them would like to have become engineers, jet pilots, lawyers, nurses, dress designers, medical doctors, certified public accountants or another field, but they chose the teaching career instead. We know that this is a field of dedication, and we hope that they will continue to work at West Side. In the many years to come, we will always remember most of you.

# Administration

Dear Seniors of 1989,

My graduation message to you is about "success". I picked this topic for two reasons. One, you have already experienced success by being in this graduating class. Second, it is something you can strive for all your life, however you wish to define it.

I'm not talking about success in terms of money, power, prestige, or status. What I mean is, no matter what the job, success in doing it is the underlying factor, and it seems to me that there are four keys that are captured in the word "success". These keys are "competence", "values", "teaching", and "responsibility". Let me explain what I mean. Let's begin with "competence", each of you is competent. Now some of you have more competence than others and in different fields. For example, some of you are more competent in math than your friends are; others are more competent in athletics; others are more competent in art and music; some of you are very competent in mechanics. I have often marveled at people who can tune up or rebuild an automobile engine because I don't have this competence and it seems such a complex thing to do. You see my point? We all have our areas of competence and that should help us to be successful.

But in the real world, competence is not enough. You need to complement competence with "values", the second key to success. What values do I recommend? The first would be, without doubt, the value of treating others as you want to be treated. That's not preaching. Just think about it and you'll see it is a good way to go through life. The second value is "being the best at what you do." No shortcuts, no goofing off, no cutting corners; do what you have to do right and do it well.

The third value is to contribute to the groups you belong to. We are, as human beings, a group oriented species. Our group include families, peers, sports, clubs, organizations, to name a few. People sometimes become obsessed with the idea that there must be some deep dark secret for success, when in reality, success can be summed up in two words: "I WILL! So I recommend that you start each day with the "I wills."

I will do the best I can today!

I will treat people as I want to be treated!

I will contribute to the groups I belong to!

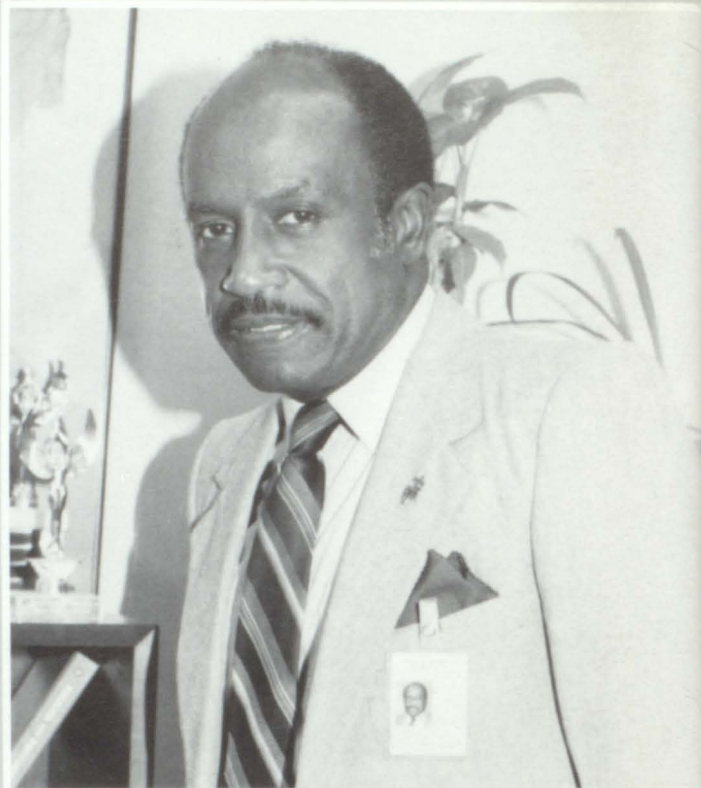

Now there are two keys left- "teaching" and "responsibility". What do I mean by teaching? Successful people are teaching people. Give me any successful person, and I can illustrate how that person teaches.

Responsibility encompasses what I call three "P's".

- Personal responsibility
- Professional responsibility
- Public responsibility

Successful people are responsible for their own well-being as well as the well-being of their families, friends, neighbors, and fellow workers.

Successful people are responsible for maintaining and improving their professions. While it is too early for you to be concerned about this, it is not too early at least to think

MR. NATHANIEL L. POTTS  
PRINCIPAL

about it.

Successful people assume a public responsibility. Now this you can do and may have been doing already. Successful people carry out their responsibility by getting involved, by teaching others, by volunteering their time, by making donations, and by voting. This is no less your responsibility.

Let me summarize my four keys for success, as you ready yourself for GRADUATION DAY:

- Success** means being competent!
- Success** means maintaining a set of values!
- Success** means being a teacher!
- Success** means carrying out personal, professional, and public responsibilities!

So, on your key chain that you carry around with you as you leave your high school years, remember that there are at least four keys on the chain that will do more than open doors or start engines; these are the keys I have written about: competence, values, teaching, and responsibility.

On behalf of your teachers, parents, relatives, and friends, I wish each of you a great deal of success.

Peace and Love,

*Nathaniel L. Potts*

# UNITING *Together*

## *Seniors*

This was a trying year for the Senior Class. The seniors from Vailsburg did not want to come to West Side and the seniors from West Side did not want them to come. However, we knew that we had to unite—and get along, because our education was in jeopardy. After three months, we realized that we had to put aside our animosities and pull together. We can now truly say, "We are United Together for a New Beginning."

## MY MESSAGE TO THE UNDERCLASSMEN

Success doesn't come overnight. You have to work hard, study, and pay attention. **Sherry L. Wilborn**

Study hard and believe in yourself. Don't let anyone think that studying is a waste of time. **William Barlow III**

Education comes first, once you have that, and your career is established, you will find time to do all the other things. **Karen A. Barclay**

First, finish your work, then start studying for your test at least two hours a day. **Jalmit Gandhi**

Set goals for yourself and don't stop until you reach them. **Kelisha Dequell Perry**

Pay attention, do your work and study hard. **Christopher Anderson**

Keep your head clear and don't let anyone stand in your way. **Melvin Searcy**

You must know when to separate your academic life from your social life. **Glenda Bethea**

## Martin Luther King Jr.

A man went forth with gifts.

He was a prose poem.  
He was a tragic grace.  
He was a warm music.

He tried to heal the vivid  
volcanoes.  
His ashes are  
reading the world.

His Dream still wishes to anoint  
the barricades of faith and  
of control.

His word still burns the center  
of the sun,  
above the thousands and  
the  
hundred thousands.

The word was Justice. It was  
spoken.

So it shall be spoken.  
So it shall be done.

## Be The Best Of Whatever You Are

If you can't be a pine on the  
top of the hill,  
Be a scrub in the valley —  
but be  
The best little shrub by the  
side of the rill;  
Be a bush if you can't be a  
tree.

If you can't be a bush be a  
bit of the grass,  
And some highway happier  
make;  
If you can't be a muskie then  
just be a bass  
But the liveliest bass in the  
lake!

We can't all be captains,  
we've got to be crew,  
There's big work to do, and  
there's lesser to do,  
And the task you must do  
is the near.

If you can't be a highway  
then just be a trail,  
If you can't be the sun be  
the star;  
It isn't by size that you win or  
you fail—  
Be the best of whatever  
you are!

## Hold On To The Moment

Single file and yet together,  
We have shared our greatest days.  
And we carry common memories  
In different ways.

Though we don't know where we're  
going,  
We will cherish where we've been.  
I want to cry.  
I want to shout . . .  
Want to let this feeling out.

Hold on to the moment.  
Let the feelings show.  
Hold on to the moment.  
Never let it go.

I can picture us together  
With my arms around my friends.  
Just let me hold on to this moment,  
Before it ends.  
There was laughter. There were  
tears,  
Through the dozen golden years.

## Something Happened In My Heart

Something happened in my heart  
A breath or two ago.  
Its rhythm skipped and raced a bit  
And caused an inner glow.

I lost a breath as I drew in  
A fleeting thought of you.  
I held the thought inside me—  
Then I let it filter through.

The warmth that it awakened,  
The feeling that it stirred  
Gently notified me  
Something special had occurred.

For as I drew into my heart  
Your image passing through,  
I knew that I had lost a breath  
And skipped a beat for you.

# UNITING *Together*

West Side High and Vailsburg High school have finally united as one. Some of us are trying to spread peace and love throughout our school and stop the outrage that has come between the two schools. Sometimes things are not always as bad as they seem. Some people can't always have what they want. If we learn to be patient and talk things over, everything would turn out for the best.

## FRIENDSHIP

*Friendship is a warming wind  
That gently heralds spring.  
It speaks of new beginnings  
And all life has to bring.*

*Friendship is the sun-filled days  
That summer has to share,  
With openness and freedom  
And learning how to care.*

*Friendship is the ripened fruit  
That comes as autumn's gift.  
It nourishes and keeps us strong  
And gives our heart a lift.*

*Friendship is the lasting roots  
That thrive through winter snows  
And grow still deeper through the trials  
Only friendship knows.*

*Friendship is a vital force  
That grows for many reasons  
And like the tallest, strongest tree  
Endures throughout the seasons.*

# Juniors

Kings Dominion is the place that we so anxiously anticipated reaching. We left West Side around 5:00 a.m. on the Saturday before Memorial Day, 1988.

After four hours of traveling, we arrived at Baltimore Harbor to tour the shopping areas, walk around the water front, eat and just sight-see.

We stayed in Baltimore for three hours; and then journeyed to Richmond, Virginia for our overnight stay at the Holiday Inn. On Sunday morning, we boarded the bus for Kings Dominion and stayed at the amusement park all day long.

On Memorial Day morning, we left the hotel for our four-hour journey home, stopping in Maryland for a brief moment to eat a small snack.

We will always cherish the memories of our Junior Class trip.

# "Puttin'-On-The-Hits" Stars

Approximately nine hundred people braved the cold to get a choice seat to see the annual "Puttin' on the Hits" show. However, almost two hundred were turned away because the auditorium was filled to capacity. Some refused to be outdone, and the determined ones climbed through windows to see their sons or daughters as "stars" for the evening.

After carefully tallying the votes, the three judges declared the following as winners: First place, Fatisha Upchurch and her little man doing their rendition of "Thanks for My Child"; second place, Kenneth Rickard—"I am Loved" by Jennifer Holiday; third place, Cookie & Others—"Get Up" by Salt & Pepa; fourth place, Yolanda Hinton & Steve Townsend with "Respect". The fifth place prize went to Ginger Kelley for "Super Woman".

The junior and senior members of the Cross Country team were very successful. Seniors Troy Johnson and Marcia Baker were the leaders for the boys and girls cross country team; the leaders had one of the best seasons in more than 5 years. The team finished second in the City and third at the Essex County championship meet. On the boys side, Troy Johnson led the team into battle each and every meet. Cory Jones, Thaub Ishmail, Delwin Carr and Johnny Grimsley were the other key senior members. Juniors Ernesto Perez and Lavonn Townsend had an impressive season—opening the eyes of many opponents. On the girls side, Marcia Baker was the lone senior female on the squad, but she represented the team quite well. She ran extremely well at the Essex County, City and State Championship meets. Christine Lindsey and Tenesia Hankerson were the other key members of the team.

The Riders spirits remain high as the team is working hard to prepare themselves for the hectic Indoor Season.

Hard Work and Pride = Success.

# Volleyball Team

The 1988 Girls Volleyball season was not as successful as the previous year. Working hard throughout the season, the team had to settle for a 4 and 3 record—losing to East Side, University, and Weequahic.

Even though records count, and we certainly tried to improve ours, they do not totally indicate the successfulness-or lack of success-with all teams.

Individually, and as a team, the girls continuously improved in skill, sportsmanship, character, maturity, and perseverance throughout the season.

As a coach, I think the volleyball team was quite "Successful".

Williams, S. Williams, K. Johnson, M. Cheeks, D. Patty, Freddie, A. Nolten, P. Bradley.

Because of the youth and character building process by the coaches, the Roughrider football team was indeed a success in spite of the losses. Our offensive line consisted of two juniors, and three sophomores. The offensive back-field consisted of one junior, and three sophomores. All the receivers were juniors.

Three players were named to the "All-City" team—John Lebron, a linebacker; Paul Bradley, tight end; and Mark Singleton, cornerback. Mark was also selected as defensive player of the year.

With the addition of two new coaches to our staff and the returning of twenty one lettermen, hopefully our team will take City during the 1989 season.

# Soccer Team Returns

The season started out with an easy win. The soccer team defeated Central by a score of 4-0. West Side High proved to the public that they were indeed the City league champs. They defeated everyone who challenged them. Although we advanced to the City title, we could not maintain our momentum, and therefore lost to East Side by one point. (2-1)

The 1988-89 West Side girls basketball team was led by Coach Barry Baker and Asst. Coach Marty Williams. The season started out on a good note, but had rough times along the way.

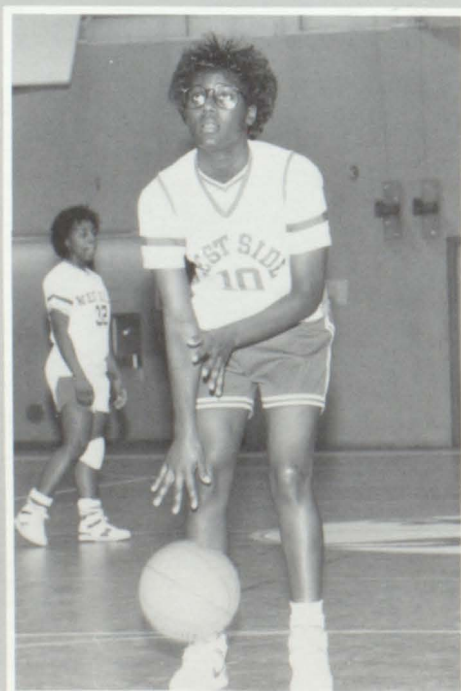

The team consisted of seniors—Ola Carswell (captain), Delvoris Bryant, and Kendra Hamilton; juniors— Sabrina Anderson, (co-captain), and Denise Starks; sophomores Helena Turner and Anita Dickens (most valuable player); and two freshmen— Dewan Collins and LaTonya Graham. The girls were ranked third in the City and made it to the State tournament. The season ended with a 12-11 record.

# Junior Varsity Getting

At the present time, WSHS'S Junior Varsity Basketball Team has a record of 13 wins and 7 losses. The team is led by Laroy Irvin who has averaged over 25 points per game and secondly by Shawn Abraham, who has averaged 17 points per game. Terrence Mingo, a sophomore is also making great contributions.

With the lack of height, we are making it up with speed. We should have a respectable season when it is finished. The team's enthusiasm for the game, and the fine coaching that they will receive on the varsity squad from Mr. Dennis Layton (a former all-star from Weequahic High School and a player with the NBA), should enable the team to go in the clinches and come out a winner.

## Westside W-7 L-14

West Sides Basketball Team is in its first real rebuilding stage. With young transfers from Vailsburg and other surrounding elementary schools, the Rough Riders will look to compete with the best in the upcoming 1989-90 season.

With first year coach Dennis (Moe) Layton (Mr. Rasool), (whose high school team, Weequahic, in 1967 was #1 in the country, sporting a 27-0 record with Moe Layton leading the way).

Things looked very bright for W.S.—Mr. Layton's experience also in the N.B.A., and a talented assistant coaching staff in Troy Webster, (All American—Clifford Scott) and Gary Taylor (All County—West Side) should make W.S.'s presence felt very soon.

W.S. will lose three seniors who contributed much to the program. **DeShawn Cokeley**, who will be remembered for his three-pointer buzzer shots that upset high ranking Newark Tech at West Side 66-65, **Terrence Flood**, who possessed a soft touch around the basket with his good rebounding skills and **Paul Bradley**, who joined the team late in the season, but made his presence felt with twisting moves underneath—along with a good touch from the outside. All three will be missed and remembered for their dedication to the games. W.S. will return with young talent next year, including three promising juniors— **Ammaud Nolton**, a powerful rebounder and tough defender, **James Moore** with the good outside jumper, and **Everette McCouley**, who Coach Layton feels has the ability to be one of the best guards in the State.

Other talented guards, **Dwayne Cannady**, **Twan Floyd** (both sophomores) and J.V. freshman **LaRoy Irving**, a.k.a. "Pop", who averaged well over 25 points a game, completes W.S.'s back court. Coach Layton says, "With one-year experience under our belts, along with the new transfers from Vailsburg Middle School, I look forward to a strong season in 1989-90". With a good spring training program and the team's involvement in summer-league play, W.S. will be a contender to reckon with in future seasons.

Practice sessions were held during the week giving the team members a chance to improve their skills, and the games were played at the Garden State Bowling Alley.

The team had a relatively successful season and is looking forward to improving next year. If you are a Veteran Bowler or is just interested, come on out and join the bowling team.

What a season . . . What a season!!!! The 1988-89 track team had one of the finest track seasons in the history of the school and the City of Newark. Each and every week, opponents wonder what place other than first would their teams finish.

Some of the highlights of the season included running the fastest time in the country in the 4 x 800 meter relay (7:53). Running the fastest time on the East Coast in the 4 x 400 meter relay (3:21<sup>2</sup>) and setting a new state record in the 4 x 200 yards relay (1:30<sup>2</sup>). All of the above were indoor records.

Marcia Baker and Ernesto Perez were selected 1st team All-State in the 880 yd. run. The male mile-relay team—Johnny Grimsley, Corey Jones, Delwin Carr and Granger Darden also made 1st team All-State honors.

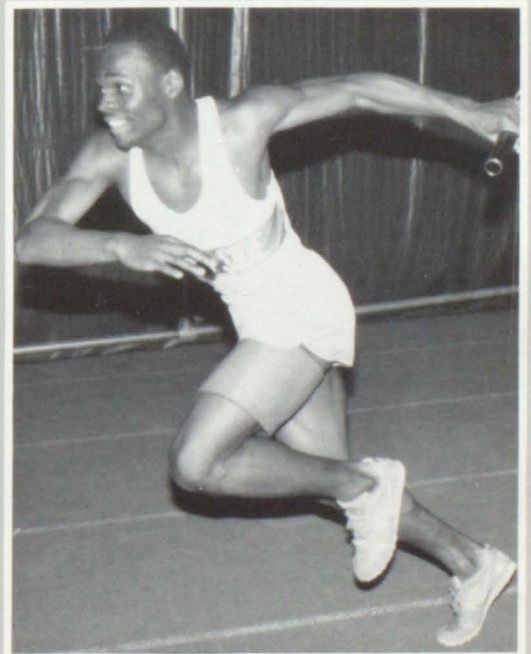

Some of the highlights of the season included: Newark City Championship, Essex County Relay Championship, Essex County Individual Championship, Ridgewood Invitational Championship, 2nd Place, Millrose Games, 2nd Place, State Relays.

On graduation a "sister" is reminded of the special blessings in her life. Ashanti, we want you to know of the special feelings that we carry in our hearts all the time. The feelings are about how happy we want you to be. Even though during some of our many hopes and dreams we want to come true for you, and how happy we want you be. Even though during some of our heart-to-heart talks, the words we wanted to say didn't always get said but the feelings were always felt. You're a special person . . . all your own. As you grow, learn and change with the days, we all want you to know that there is one thing that will never change and that is our endless love for you.

Congratulations,

## Miss Lezley Henry

### Miss Homecoming 1988

Dear Lezley, my wonderful daughter,

I am very proud to have you as my daughter. When I think back through the years when you were an infant until now, there were times I thought I would have to always be beside you to take care of you. But at an early age, you proved to be an very independent person. Besides being loving and strong, you're your own person, never imitating anyone, you've always wanted to be different, and I love that about you. You're ambitious, a go-getter, a tough cookie. You're a young woman now, starting a new life, set your goals and strive for success. Thank you for your kind words of love when times were bad, for many holidays made beautiful, all these things and many more that I will always cherish. I could go on and on. Donald, Victoria, and I wish you congratulations and success with God's blessings in the name of our Lord and Savior Jesus Christ.

Love Always,  
Mommie!

To my BIG and ONLY sister,

I was born during your senior year of high school & I will only be 4 years old when you graduate college! Congratulations to you and I will follow in your remarkable footsteps.

Love and much happiness,  
Vikki B.K.A. Mookie

Lezley,

Actions can show that you are a very intelligent and bright young lady. I am proud of you for reaching your time of graduation. Life has a lot of challenges awaiting you, just keep your head high & strive for perfection.

Good Luck and God bless,  
Love Always and Forever,

To Lezley Henry,

Your ability to relate to others with a positive attitude is truly felt by myself and by your homeroom classmates in Rm. 311.
